Grant and Contracts Funded

1995-2006 Principal Investigator in developing and obtaining funding (approximately \$60,000 annually) for funding a pre-doctoral internship program in clinical and counseling psychology at the Thomas E. Cook Counseling Center at Virginia Tech. I subsequently led the program to full accreditation by the American Psychological Association. The internship is now an on-going base budget item in the Cook Counseling Center budget. (I do not have administrative oversight of this project since leaving the Counseling Center in 2006).

2000 – 2006 Applied Suicide Intervention Skills Training. Principal Investigator in developing and obtaining funds for delivering the ASIST program on an annual basis to Virginia Tech community (approximately \$5,000 annually).

2000 – 2006 Principal Investigator in developing and obtaining funding (approximately \$40,000 annually) for a sport psychology program at Virginia Tech. The project was well-received by administrators, coaches and athletes and funding for the program is now in the on-going base budget of the Virginia Tech Athletic Department. (I do not have administrative oversight of this project since leaving the Counseling Center in 2006).

2006 – 2008 Co-principal Investigator with Dr. Dixie Rawlins, Dean and Executive Vice President VCOM, in developing a part-time Assistant Professor – Clinical Psychologist position in the Department of Neuropsychiatry and Behavioral Sciences at VCOM (approximately \$50,000 annually).

Grants and Contracts Submitted

Principal Investigator, Doctor of Osteopathy Career-Life Planning Project, Virginia College of Osteopathic Medicine. \$240,000 grant proposal to develop an on-line career-life planning program for 2nd year VCOM students. Submitted to Arthur Vining Davis Foundation who did not fund the project. Currently researching potential sponsors.

Co-Principal Investigator with Dr. James Palmieri (Associate Professor, VCOM), Disaster Preparedness Training Program, Virginia College of Osteopathic Medicine. \$300,000 grant proposal to train 1st year medical students in skills to manage natural and man-made disasters. Submitted to the Josiah Macy Foundation Fall 2007.

Principal Investigator, Contemplation and Communication in Medicine: Enhancing Physician "Use of Self" to Promote Patient Healing, Virginia College of Osteopathic Medicine. \$10,000 fellowship application to develop a communication skills course for 1st and 2nd year VCOM students. To be submitted to the Center for Contemplative Mind in Society.
